Welcome to BioRAFT

On the home page under the Group name, click on Manage Members.
Under **Name**, begin typing the user's name or User ID. A drop down menu will appear with matching names and IDs. Select the correct user to add to the group.
Under **Designation**, select **Unknown** from the drop down menu.
4. Once the user’s Name and Designation have been selected, click on Lookup/Add. This might take over 30 seconds to process.
If the Group Member was successfully added, you will see the message in the green box. To add another user to the Group, repeat steps 2 to 4.
