

Betco® GE Fight Bac™ RTU Safe Use Instructions

Betco GE Fight Bac™ RTU is a broad-spectrum **cleaner and disinfectant** that is registered on the EPA's List N of disinfectants effective against SARS-Cov-2. This updated product recently replaces Fight Bac™ RTU which required longer surface contact time to be effective.

General Stores Item #s: Z11BET614310 Fight Bac™ Quart and #Z11611599 TRIGGER SPRAYER

PPE: None Required

Instructions:

- Remove heavy soil, dust, or food prior to applying GE Fight Bac™.
 - Hold spray bottle of GE Fight Bac™ six to eight inches from surface to be treated. Lightly spray area until it is covered with the solution.
- Note: When cleaning keyboards and electronics, spray on cloth, then wipe.*
- Per the manufacturer recommendations, the surface should remain wetted for 5 minutes to disinfect and kill SARS-CoV-2 virus before wiping dry. Reapply as needed.
